Wednesday is Members Day - lunch or dinner

Welcome to Winter!

It might be a bit bleak and nippy out on the water but recent rains have been welcomed by all. And winter is *always a good time* to catch up on a few things like doing a bit of maintenance to your boat, checking/upgrading fenders & mooring lines or giving your boat trailer it's annual winter service. Our professional on-site marine specialists are available to carry out winter repairs or maintenance to your boat or trailer and these services are listed below and overleaf for your convenience.

Do you have an email address?

Sheryl and Miranda in the marina office are using these wintry days to update our member records. If we need to communicate with you about your boat we need accurate home, work and mobile phone numbers and of course, if you have the internet, your email address.

Please take a moment to email Sheryl and Miranda at the marina office info@yaringa.com.au with your email address plus any changes to your address or home, work & mobile phone numbers.
